

Turning visions into reality with service excellence and uncompromising quality!

Avanti Coastal Projects, established in 2016, is a reputable service provider based in Kwa-Zulu Natal, nestled within the lower South Coast of Port Edward. We are committed to delivering turn-key projects with an unwavering dedication to service excellence and quality.

At Avanti Coastal Projects, we believe in the power of community. We contribute to the upliftment of the communities on the south coast by employing skilled local labourers and fostering economic growth and development in the areas we serve.

We pride ourselves on using only the most suitable products for each project, ensuring our clients receive durable, lasting results. Our commitment to customer satisfaction extends beyond project completion, as we maintain regular follow-ups with our clients to ensure their continued happiness with our work.

All our projects are done according to South African National Standards (SANS) and South African Bureau of Standards (SABS) approved approach

At Avanti Coastal Projects, we offer a comprehensive range of services tailored to meet all your construction needs. From large-scale projects to minor jobs, we ensure the best quality and competitive rates for every task we undertake. Our commitment is to get it right – the first time.

On-Site Audit

We start by conducting a comprehensive on-site audit to understand the projects requirements and identify potential challenges.

Quote Preparation

Based on the audit, we prepare a detailed quote outlining the cost and timeline for the project.

Project Execution

Our team of skilled professionals then execute the project, adhering strictly to safety and municipal requirements.

Follow-Up and Feedback

We maintain constant communication with our clients, providing updates, and soliciting feedback to ensure that the project aligns with their expectations.
